## Time to step up your creativity!

Supercharge your sewing, quilting and embroidery skills with the **Innov-is NV2700**.

- 12cm Colour Touchscreen
- 260 x 160mm Embroidery Area
- 281 Built-in Sewing Stitches
- 10 Buttonhole styles
- 258 Built-in Embroidery Patterns
- Wireless LAN Connectivity
- My Custom Stitch™
- Knee Lift and Walking Foot Included

# Want to get seriously creative?

Whether you're into interiors, stepping up your sewing and embroidery, an avid quilter, or want to tackle more intricate projects, the Innov-is NV2700 has been designed to give professional level precision from easy-to-understand features.

## More Time to Create

With an automatic needle threader and drop-in bobbin you can spend more time creating, not setting up

## Never Run Out of Thread

Automatic upper and lower thread sensors mean you won't run out of thread mid-stitch

## Take the pressure off

With Brother's innovative ICAPS system, the Innov-is NV2700 combination machine detects changes in the fabric thickness and automatically adjusts the foot pressure for smooth stitching

## Easy to Navigate

Easily manage everything on the full colour, large 12cm touchscreen

## You're in Control

Quickly access everything that's important via the central control panel. Perfect for when you need to make quick adjustments on complex projects

## Stay Connected

With Wireless LAN connectivity and a USB port, your machine will continue to grow with **Brother's Design Database Transfer**

## Keep Learning

Built-in tutorials and help function mean you'll always have a personal sewing tutor at your side.

## Discover Brand New Embroidery Designs

Including regal, fun llamas, jungle animals, flower power, pretty lavender and blackwork patterns.

# The perfect combination sewing and embroidery machine

## Precise LED Pointer for Perfect Needle Positioning

Let the LED Needle pointer point the way to better embroidery. Drop your needle exactly where it needs to be, ensuring you always place your pattern in the right place

## Navigation Made Easy with Large Full Colour Display

Easily manage and edit your designs on the large, full colour 12cm touchscreen display, which includes intuitive controls right at your fingertips.

## Large Working Area & Embroidery Space

A large working area and generous embroidery space give you plenty of room to get creative. Featuring large new embroidery designs, patterns, and colour sorting. Your projects will be sew unique!

## FEATURES

# 258

Built-in  
Embroidery  
Patterns

# 281

Built-in  
Sewing  
Stitches

# 10

One-step  
Buttonhole  
Styles

# UP TO 850

Stitches  
Per Minute

### Sit Back and Sew

Stay neat and productive and let the auto thread trimmer function trim any excess threads for you. Bye, bye snips!

### Perfect Positioning

Let the LED needle pointer point the way to better embroidery. Drop your needle exactly where it needs to be, so you always place your pattern in the right place

### Advanced Editing

Quickly adjust, mirror, re-size and edit text. Save everything to the machine's memory so that you can use it again.

### Auto Foot Down

Programme your machine to automatically put the foot down and start embroidering when you press the start/stop button

### My Custom Stitch™

Stitch your unique creative style into every project with My Custom Stitch™. Create your own unique stitch patterns or edit built-in stitches to make them truly yours. You can even save your creations to your machine for future use.

### New Quilting Designs

Beautiful new embroidery designs with an embroidery area of 260 x 160mm to stitch out large, intricate designs and finish off your quilts in style.

# Quick and Easy Data Transfer

Send designs wirelessly from your PC to your machine when connected to a wireless network, using Brother's FREE Design Database Transfer\* programme.

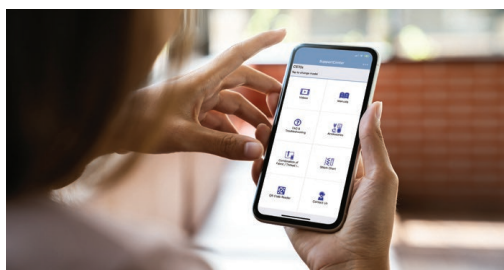

Design Database Transfer\* makes embroidery data management easy by displaying vast amounts of data with the thumbnail viewer so that you can organise your embroidery designs with ease.

With wireless LAN connectivity you can transfer data wirelessly to your embroidery machine as well as keep up with Brother's software developments, without needing a USB.

\*Compatible with **Windows** 8.1, 10 (32/64 bit) and 11 only

\*\* Design Database Transfer available from [support.brother.com](http://support.brother.com)

## Always At Your Side

At Brother we're always at your side and will be with you every step of your sewing, quilting and embroidery journey. To get your creativity flowing, we've produced some 'how-to' videos to help and inspire you, download them on the Brother Support App now.
